## **Redflex Communications Systems awarded 4 year contract with United States Air Force valued up to AU\$17M**

**31 May 2004.** The directors are pleased to announce that Redflex Communications Systems Pty Ltd., a wholly owned company of the Redflex Group, has been selected to provide communications systems for the Battle Control System-Mobile (BCS-M), an ongoing United States Air Force program to update and eventually replace the legacy ground theatre air control system control and reporting centre (CR) command and control (C2) system.

Redflex has teamed with US based Innovative Solutions Consulting Inc, providing a local integration capability for this program. The Air Force can issue delivery orders totalling up to the maximum amount indicated, though actual requirements may necessitate less than this amount. The total contract value is expected to be in the order of AU\$17M over the four years.

This will be Redflex Communications Systems' fifth contract with the United States Department of Defence in just eight months.

Switchplus<sup>®</sup> is the core product of Redflex Communications Systems and is used in Air Traffic Control, Military Operations Centres and other Command and Control and Public Safety applications around the world. Redflex Communication Systems, with facilities in Melbourne, Australia and the Washington, DC area of the USA, is a leading communications systems integrator for transportation, defence and public safety application worldwide.

The Redflex Group has principal offices in Australia and the USA and representatives on all continents.
