REDFLEX Executes New Speed and Red Light Enforcement Contract – Oak Ridge, Tennessee

29 August 2008

Redflex Traffic Systems Inc, a wholly owned subsidiary of Redflex Holdings Limited, is pleased to announce contract execution with the City of Oak Ridge, Tennessee.

Located 25 miles north-east of Knoxville in Anderson and Roane Counties, the City supports a daytime population of approximately 30,000.

The contract calls for a comprehensive program with a mix of up to 15 fixed speed-on-green and red light enforcement locations and mobile speed enforcement. The contract term is five years with two, two-year renewals.

The contract award resulted from a competitive tender process.

“We are pleased with the increasing acceptance of the REDFLEXspeed solution as the industry standard across south-east USA. Redflex is the largest speed enforcement provider in the State of Tennessee, maintaining seven municipal contracts, of which five support speed enforcement solutions” said Karen Finley, CEO Redflex Traffic Systems.

Redflex Traffic Systems Inc has contracts with more than 200 USA cities, and is the largest provider of digital red light and speed enforcement services in North America. With photo speed programs in 9 states and photo red light programs across 20 states, REDFLEX has consistently led the market in contract wins, system installation rates and market share.
