

Redflex Announces a New Comprehensive Speed and Red-Light Enforcement Program – City of Santa Fe, New Mexico

20 March 2009

Redflex Traffic Systems, Inc., a wholly owned subsidiary of Redflex Holdings Limited, is pleased to announce a new contract for a comprehensive speed and red-light enforcement program with the City of Santa Fe, New Mexico.

Santa Fe, NM

With a daytime population in excess of 90,000, Santa Fe is the capital of New Mexico and is celebrating its 400th anniversary making it America's oldest capital city.

The contract is for a term of 4 years, with two 2-year renewals. The scope of the program is for a combination of up to 20 fixed speed and fixed combination speed and red-light systems with the supplement of up to 4 mobile speed systems.

"Santa Fe is well known as a centre for the arts, and with its unique history is one of America's premiere destinations. We are honoured to be working in such an important tourist oriented, culturally rich and pedestrian friendly environment, and we are confident that by deploying a broad mix of both fixed and mobile speed and red-light enforcement solutions, public safety will be greatly enhanced" said Karen Finley, CEO Redflex Traffic Systems.

Redflex Traffic Systems, Inc. has contracts with more than 235 U.S. cities and is the largest provider of digital red light and speed enforcement services in North America. With photo speed programs in 9 states and photo red light programs across 22 states, REDFLEX has consistently led the market in contract wins, system installation rates and market share.
