### **Redflex Executes Four New Red Light Enforcement Contracts**

**20 September 2006**

Redflex Traffic Systems Inc, a wholly owned subsidiary of Redflex Holdings Limited, is pleased to announce its execution of contracts with the cities of Walnut, California; Tifton, Georgia; University Park, Texas; and Farmers Branch, Texas.

#### **City of Walnut, California**

The City of Walnut, California has a full-time population in excess of 31,000 and is located in Los Angeles County. The contract with the City of Walnut is for enforcement at up to 10 locations, with a term of five years plus two, two-year automatic renewals.

#### **City of Tifton, Georgia**

Building on our success in Georgia, Redflex is also pleased to announce a new contract with the City of Tifton, Georgia. Tifton has a full-time population of 16,000 and is known as the regional hub of South Georgia. The contract with the City of Tifton is for enforcement at up to 10 locations with a term of two years plus nine additional two-year periods.

#### **City of University Park, Texas**

The City of University Park, Texas is located in Dallas County and has a full-time population in excess of 23,000. The contract with the City of University Park is for enforcement at up to 20 locations with a term of three years plus three one-year automatic renewals.

#### **City of Farmers Branch, Texas**

The City of Farmers Branch, Texas has a daytime population of 85,000 and is also located in the Dallas/Ft. Worth metropolitan area. The contract with the City of Farmers Branch is for enforcement at up to 20 intersections with a term of three years plus three one-year automatic renewals.

"We are very pleased with our rapid market expansion with these four new contracts in several of our most critical regions. As we enter the first part of our new financial year; we are off to the best start in the history of Redflex Traffic Systems with respect to new contracts executed and new systems under contract" stated Karen Finley, CEO.

Redflex Traffic Systems Inc has contracts with 97 USA cities, and is the largest provider of digital red light and speed enforcement services in North America. With photo speed programs in 8 states and photo red light programs across 16 states, Redflex has led the market in installed systems, installation rate and market share over the past 12 months.
