Redflex Executes Contract for the Largest Automated Speed & Red Light Camera Enforcement Programs in the State of Washington

10 May 2007

Redflex Traffic Systems Inc, a wholly owned subsidiary of Redflex Holdings Limited, is pleased to announce the execution of a new speed and red light camera enforcement program with the City of Tacoma.

City of Tacoma, Washington

The City of Tacoma has a daytime population in excess of 200,000 and is centrally located between Seattle metro and the capital city of Olympia.

Redflex was awarded this contract as a result of a competitive Request for Proposal process.

The contract is for up to 20 intersections, and both fixed and mobile speed enforcement in designated school zones. The contract is for a term of three years with two, one-year automated renewals.

“Through the implementation of the State’s largest photo enforcement program, we are very pleased to be working with the City of Tacoma to propagate increased community safety. This is a tremendous effort and with the full implementation of the Tacoma program, Redflex will be supporting the largest photo enforcement programs in eight different states across the US” said Karen Finley, CEO.

Redflex Traffic Systems Inc has contracts with more than 130 USA cities, and is the largest provider of digital red light and speed enforcement services in North America. With photo speed programs in 9 states and photo red light programs across 18 states, Redflex has led the market in installed systems, installation rate and market share over the past 12 months.
