### **Fastest Growing City in USA Executes Photo Enforcement Contract with Redflex Traffic Systems**

**12 June 2007**

Redflex Traffic Systems Inc, a wholly owned subsidiary of Redflex Holdings Limited, is pleased to announce the execution of a new photo enforcement contract with Elk Grove, California

#### **Elk Grove, CA**

The most recent US Census report listed Elk Grove, CA, as the fastest growing city of United States cities with a population of more than 100,000.

This contract was awarded to Redflex as a result of a competitive tender process.

The contract is for up to 15 photo enforced intersections and is for a term of 5 years.

"Being selected by this desirable city is a tremendous validation of our industry-leading capabilities. As we continue our aggressive growth across the State of California, by working with the City of Elk Grove we will be developing an important foray into a new Redflex region; that of Sacramento County" said Karen Finley, CEO.

Redflex Traffic Systems Inc has contracts with more than 130 USA cities and is the largest provider of digital red light and speed enforcement services in North America. With photo speed programs in 9 states and photo red light programs across 18 states, Redflex has led the market in installed systems, installation rate and market share over the past 12 months.
