Redflex Executes Five Photo Enforcement Contracts

9 October 2007

Redflex Traffic Systems Inc, a wholly owned subsidiary of Redflex Holdings Limited, is pleased to announce the execution of five photo enforcement contracts in the cities of Forney, Texas; Mountlake Terrace, Washington; South Holland, Illinois; Broussard, Louisiana; and Selmer, Tennessee.

Forney, Texas

Forney is situated in the Dallas/Fort Worth Metroplex, located in Kaufman County, with a population in excess of 10,000. The scope of the program includes red-light enforcement at up to twenty intersections, and has a term of five years, plus two 2-year automatic renewals.

Mountlake Terrace, Washington

Mountlake Terrace, abutting Seattle, is located in Snohomish County with a population in excess of 20,000. The scope of the program includes red-light enforcement at up to ten intersections, and has a term of five years, plus two 2-year automatic renewals.

South Holland, Illinois

South Holland is in a suburb of Chicago, located in Cook County with a population in excess of 20,000. The scope of the program includes red-light enforcement at up to sixteen intersections, and has a term of five years, plus two 2-year automatic renewals.

Broussard, Louisiana

Broussard is adjacent to the City of Lafayette in Lafayette Parish and has a daytime population in excess of 10,000. The scope of the program includes red-light enforcement at up to ten intersections and designated mobile speed locations, with a term of five years, plus two 2-year automatic renewals.

Selmer, Tennessee

Selmer is located in south-western Tennessee and is the County seat in McNairy County. The scope of the program includes combination fixed speed and red-light enforcement at up to ten locations, with a term of five years, plus two 2-year automatic renewals.

“As the largest provider of speed enforcement programs in the USA, Redflex offers the advantages of significant knowledge and proven technologies. We have maintained a positive focus and conveyed a sense of integrity to the industry that has resulted in an increased visibility regarding the public safety benefits that can be achieved with fixed and mobile speed enforcement solutions. We are delighted to be able to harvest the rewards of these labours across the country, including in the south-east US with our new contracts in Tennessee and Louisiana”, stated Karen Finley, CEO of RTSI.

Redflex Traffic Systems Inc has contracts with more than 170 US cities, and is the largest provider of digital red light and speed enforcement services in North America. With photo speed programs in 9 states and photo red light programs across 19 states, Redflex leads the market in contract wins, system installation rates and market share.
