REDFLEX Executes New Photo Enforcement Contract - Blue Island, Illinois

7 August 2008

Redflex Traffic Systems Inc, a wholly owned subsidiary of Redflex Holdings Limited, is pleased to announce the contract award by Blue Island, Illinois.

Blue Island is located in Cook County, Illinois, which is the second most populous county in the United States.

The contract calls for up to 20 red light systems. The award resulted following the expiration of an incumbent's contract. The contract term is three years with six one-year renewals.

"We are pleased to support Blue Island along with the 26 other communities in the state of Illinois where REDFLEX operates, including Chicago - home to the nation's largest photo enforcement program," said Karen Finley, CEO Redflex Traffic Systems.

Redflex Traffic Systems Inc has contracts with more than 200 U.S. cities, and is the largest provider of digital red light and speed enforcement services in North America. With photo speed programs in nine states and photo red light programs across 20 states, REDFLEX has consistently led the market in contract wins, system installation rates and market share.
