REDFLEX Executes Two New Speed and Red Light Enforcement Contracts – Cities of Sulphur and Westwego, Louisiana

11 September 2008

Redflex Traffic Systems Inc, a wholly owned subsidiary of Redflex Holdings Limited, is pleased to announce the execution of two new contracts with the Cities of Sulphur and Westwego, Louisiana.

Sulphur, Louisiana

Located in Calcasieu Parish, the City of Sulphur maintains a full-time population in excess of 20,000. The contract calls for a comprehensive speed enforcement program with a mix of up to 10 fixed speed enforcement locations and a mobile speed unit. The contract term is five years with two, two-year renewals.

The contract award resulted from a competitive tender process.

Westwego, Louisiana

A suburb of New Orleans, the City of Westwego is located on the west bank of the Mississippi River in the heart of Jefferson Parish.

The contract calls for a comprehensive public safety program with a mix of up to 15 fixed speed enforcement locations, 15 combination speed-on-green and red light enforcement locations and a mobile speed unit. The contract term is five years with two, two-year renewals.

“As the largest photo speed enforcement provider in the State of Louisiana, we are excited to add these cities to our existing group of safety partners around the state. With the documented public safety benefits uniquely achieved with REDFLEXspeed programs across the USA, we look forward to the continued expansion of our speed enforcement footprint across the region” said Karen Finley, CEO Redflex Traffic Systems.

Redflex Traffic Systems Inc has contracts with more than 200 U.S. cities and is the largest provider of digital red-light and speed enforcement services in North America. With photo speed programs in 9 states and photo red light programs across 20 states, REDFLEX has consistently led the market in contract wins, system installation rates and market share.
