

## **Release to Australian Stock Exchange**

### **Victorian Red-Light and Speed Systems**

**13 July 2009**

Redflex Traffic Systems Pty Ltd, a wholly owned subsidiary of Redflex Holdings Limited, is pleased to announce the execution of further contracts with the Department of Justice of Victoria to install Redflex red-light and speed systems at a total of 16 intersections around Victoria.

Redflex Traffic Systems will supply, install and maintain the camera systems. These contracts are worth over \$4 million Australian Dollars.

Redflex is already a leading supplier of traffic enforcement systems and services to the State of Victoria, having a large number of combined red-light and speed systems, freeway speed, and point-to-point speed systems in operation for many years.

Redflex is pleased to be participating in the State Government's program to upgrade existing wet film red light cameras to digital technology in its efforts to continue to improve safety on the roads.

Redflex Traffic Systems Pty Ltd manufactures and supplies traffic cameras and processing systems to world-wide markets. Redflex is the market leader in Australia and has either won or is developing significant opportunities in the Middle East, Asia, Africa and Europe.

Redflex Traffic Systems Inc has contracts with more than 240 U.S. cities, and is the largest provider of digital red light and speed enforcement services in North America. With photo speed programs in 9 states and photo red light programs across 21 states, Redflex has consistently led the market in contract wins, system installation rates and market share.
