

Release to Australian Stock Exchange

Further Victorian Red-Light and Speed Systems

12 October 2009

Redflex Traffic Systems Pty Ltd, a wholly owned subsidiary of Redflex Holdings Limited, is pleased to announce the award of a further contract with the Department of Justice in Victoria to install Redflex red-light and speed systems at a total of 25 intersections around Victoria.

Redflex will supply, install and maintain the camera systems under a contract which is worth between approximately \$4.5 million and \$7 million dollars over the next year, depending on options selected by the Department.

This contract is the latest in a series of wins for Redflex in the State of Victoria. The project is part of the State Government's program to upgrade existing wet film red light cameras to digital technology in its efforts to continue to improve safety on the roads. Redflex systems are designed to be very flexible and can be installed at difficult and complex intersections with a history of safety issues.

Redflex Traffic Systems Pty Ltd manufactures and supplies traffic cameras and processing systems to world-wide markets. Redflex is the market leader in Australia and has either won or is developing significant opportunities in the Middle East, Asia, Africa and Europe.

Redflex Traffic Systems Inc has contracts with more than 240 U.S. cities, and is the largest provider of digital red light and speed enforcement services in North America. With photo speed programs in 9 states and photo red light programs across 21 states, Redflex has consistently led the market in contract wins, system installation rates and market share.
